

CONDITIONS OF RELEASE

(To be applied to documents which the recipient Government may not release to anyone outside its Defence Departments).

- a. This information is released by the UK Government to the recipient Government for Defence purposes only.
- b. This information must be accorded the same degree of security protection as that accorded thereto by the UK Government.
- c. This information may be disclosed only within the Defence Departments of the recipient Government, except as otherwise authorized by Ministry of Defence (Army).
- d. This information may be subject to privately owned rights.

REDESIGNATION OF TEST AND MEASUREMENT EMERs

1. EMERs dealing with Test and Measurement apparatus and techniques, which have hitherto been widely dispersed throughout the whole EMER system, are now to be absorbed into a new Test and Measurement EMER Part (T & M A 002 refers).

2. This necessitates a complete EMER Part and notation redesignation of the EMERs affected.

3. On receipt of this regulation all holders must compile the new Test and Measurement Part by redesignating existing EMERs in accordance with Tables 1-5 of this regulation.

4. Generally, Tables 1-5 give only the decade notations to be redesignated. EMERs contained within each decade will retain their original xy category and instruction number.

Examples: a. Tels Z 447 Mod Instr No 1 becomes T & M F 177 Mod Instr No 1
b. Tels Y 629 Misc Instr No 2 becomes T & M E 409 Misc Instr No 2

5. Where a general-to-section EMER is indicated only that regulation will be redesignated and NOT an entire decade.

Examples: a. Tels Y 821 becomes T & M J 002
b. Tels A 771 becomes T & M A 521

6. The appropriate cut-off labels (attached to this regulation) must be pasted over the original notation on the first page of every EMER listed for redesignation.
